Using Books & Papers plugin one can manage lists of authors and their publications (books, journal publications like scientific papers/arXiv preprints and conference proceedings). Additional features are available like import via DOI and BibTeX database. User fills database records, provides author identifiers and then can display lists of publications by their type for each author in the given page of website. Author management. There are 10 Article records, 3 Book records and 8 Conference records are related with John Doe. One Article is marked as preprint. Conference papers can be an effective way to try out new ideas, introduce your work to colleagues, and hone your research questions. Presenting at a conference is a great opportunity for gaining valuable feedback from a community of scholars and for increasing your professional stature in your field. A conference paper is often both a written document and an oral presentation. You may be asked to submit a copy of your paper to a commentator before you present at the conference. Read recently published journals and books, including recent publications by the conference’s featured speakers. Talk to people who have been to the conference. Pay attention to questions about theory and method. EconPapers provides access to RePEc, the world’s largest collection of on-line Economics working papers, journal articles and software.
