Your publications show your mettle, but how do you show them to the powers that be? Use this guide to see how to list publications on a resume, plus CV publications and research. Tom Gerencer, CPRW. Certified Professional Résumé Writer, Career Expert. Should I include publications on my resume? Of course you should. Especially if they’re required. Or if you know they’ll impress the hiring team.

List of my publications from the early 1990s to 2020. This is not an exhaustive list due to poor documentation. The publication consisted of (a) journal articles, (b) book chapters. I attach a downloadable link to some materials which are available/stored online elsewhere. Needless to say that the quality of the writings is varied as they stretch a long period of time. However, I manage to make this list of publication accessible in order to stimulate academic exchanges as well as to invite further cooperative engagements.
