Weltpolitik (German: [ˈvɛltpolɪtɪk], “world politics”) was the imperialist foreign policy adopted by the German Empire during the reign of Emperor Wilhelm II. The aim was to transform Germany into a global power. Though considered a logical consequence of the German unification by a broad spectrum of Wilhelmine society, it marked a decisive break with the defensive Realpolitik of the Bismarck era. Edmund Burke's aesthetic ideology.

Cambridge studies in romanticism. General Editors. This series aims to foster the best new work in one of the most challenging fields within English literary studies. From the early 1780s to the early 1830s a formidable array of talented men and women took to literary composition, not just in poetry, which some of them famously transformed, but in many modes of writing.

1 Edmund Burke, A Philosophical Enquiry into the Origin of our Ideas of the Sublime and the Beautiful, in The Works of Edmund Burke (London, 1906), vol. 1, p. 95. All subsequent references to this work are given parenthetically after quotations in the text.

Documents Similar To Eagleton - Aesthetics and Politics in Edmund Burke

The argument of Edmund Burke's Philosophical Enquiry was shaped by its author for a particular polemical purpose, that of demonstrating the incompatibility of the aesthetic categories of the sublime and the beautiful. This article shows that the conjunction of 'sublime' and 'beautiful' into a single collocation was identified during the first half of the eighteenth century with the writings of Anthony Ashley Cooper, third earl of Shaftesbury.

Star Wars politics - a much better political race. Stencils for Bernie. Bernie Sanders’ campaign for president is a true grass-roots effort. The rest are for the folks who are working long hours manning the call center at election headquarters today. I really like this version of biscotti. The cookies are easy to make and, like many Oregonians, I have a weakness for hazelnuts...
